Portfolio | LinkedIn | GitHub

Summary:

Frontend Developer skilled in building responsive, user-friendly web applications using React, JavaScript, and Tailwind CSS. Strong understanding of component-based architecture, state management, and modern UI development. Passionate about creating functional, efficient interfaces and continuously improving development skills.

Skills:

- **Frontend:** React, JavaScript, HTML5, CSS3, Tailwind CSS, React Router, React Hooks
 - **Tools & Build:** Vite, Git, GitHub, NPM
 - **Testing:** Vitest
 - **Other:** Responsive Design, localStorage, DOM Manipulation, Event Handling, API Integration (Axios), Deployment (GitHub Pages, Vercel)
-

Projects:

1. **Portfolio Website | React, Tailwind CSS**
 - Built a fully responsive personal portfolio using React components and Tailwind styling.
 - Implemented dynamic project rendering, smooth transitions, and optimized layout for clean presentation.
 - Deployed on GitHub Pages with Vite's base path configuration.
 2. **DayX Task Manager | React, JavaScript, Tailwind CSS, localStorage**
 - Developed a task management app with start/end date selection and persistent storage using localStorage.
 - Created a per-task calendar page that dynamically highlights the task's date range.
 - Designed an intuitive, mobile-friendly UI with Tailwind CSS.
 - Wrote unit tests for core task logic using Vitest to ensure reliable functionality.
 3. **Rudra Biofarm Website | HTML, CSS, JavaScript**
 - Developed a multi-page organic products website with pricing tables and stock indicators.
 - Built separate product, about, cart, and contact pages with consistent navigation.
 - Implemented a custom add-to-cart UI using vanilla JavaScript and optimized mobile responsiveness.
-

Education:

Bachelor of Technology in Computer Science & Engineering (2018–2022)

Maharaja Agrasen University, Baddi

Soft Skills:

- Problem Solving
- Communication
- Attention to Detail
- Quick Learner

Languages:

- English — Working Proficiency
- Hindi — Native
